PROFESSIONAL SUMMARY

Frontend Developer and UI/UX Designer with hands-on experience delivering responsive, production-ready web applications using HTML, CSS, JavaScript, React.js, Tailwind CSS, and Firebase. Proven track record building end-to-end features across 6+ personal and academic projects and a live enterprise product, spanning authentication, real-time databases, and dashboard design. Skilled at translating requirements into user-centered interfaces and collaborating cross-functionally with developers and stakeholders.

TECHNICAL SKILLS

Languages & Frameworks: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap, SQL

Databases & Backend: MongoDB, Firebase Firestore, REST API Integration

Tools & Platforms: Git, GitHub, Figma, Visual Studio Code, Cursor

Design & Media: UI/UX Design, Adobe Photoshop, Adobe Premiere Pro, Adobe After Effects, Maya 2022

Core Competencies: Responsive Web Design, Responsive UI Development, Cross-functional Collaboration

PROFESSIONAL EXPERIENCE

Creative Designer — CVS Infosolutions Pvt. Ltd., Kochi

Feb 2026 – Present

- Design marketing creatives, social media posts, and branding materials across multiple product lines, strengthening consistent brand presence across digital channels.
- Create UI mockups and design assets for enterprise software products, translating functional requirements into user-centered interface designs.
- Collaborate directly with developers to maintain design consistency and visual quality across web applications, streamlining handoff from design to build.

Frontend Development Intern — Unified Mentor Pvt. Ltd. (Remote)

Jun 2025 – Sep 2025

- Developed responsive web interfaces using HTML, CSS, and JavaScript as part of a 3-month structured internship program.
- Partnered with a cross-functional team to implement UI enhancements, improving overall user experience across web applications.
- Debugged, tested, and optimized web applications to improve reliability and front-end performance.
- Managed code changes using Git and GitHub within collaborative development workflows.
- Integrated frontend components with backend services to support end-to-end application functionality.

PROJECTS

Gym Management System — Personal Project

Jun 2025 – Sep 2025

- Built a full-stack Gym Management System using HTML, CSS, JavaScript, and Firebase, covering admin and member workflows end to end.
- Implemented secure authentication for admin and member roles to control access across the platform.
- Designed member management, billing, fee package, and diet-tracking modules to consolidate gym operations in one system.
- Integrated Firebase Firestore for real-time database management across all modules.
- Built responsive dashboards to improve usability across desktop and mobile devices.

Finance Dashboard — Personal Project

- Designed and built a responsive finance dashboard visualizing financial data through interactive charts, analytics cards, and clean UI components, with a focus on usability and information hierarchy.

Personal Portfolio — Personal Project

Jun 2025 – Sep 2025

- Built and deployed a responsive portfolio website using HTML, CSS, and JavaScript to showcase frontend development and UI/UX design work.
- Implemented interactive UI components and animation effects, optimizing performance and mobile responsiveness.

PHR Using Blockchain — Semester 7/8 Major Project

2023 – 2024

- Developed a blockchain-based Personal Health Record (PHR) system using React.js and Tailwind CSS.
- Built reusable React components to deliver responsive, consistent user interfaces.
- Improved healthcare data security and accessibility by integrating blockchain-based record storage.

CSE Inventory Management — Semester 6 Mini Project

Apr 2023 – Jun 2023

- Developed an inventory management system using HTML, CSS, PHP, and JavaScript.

Blood Bank Management System — Semester 5 DBMS Mini Project

Dec 2022 – Feb 2023

- Built a Blood Bank Management System using HTML, CSS, and JavaScript to manage donor and inventory records.

EDUCATION

B.Tech, Computer Science Engineering — Muthoot Institute of Technology and Science, Varikoli, India

2020 – 2024

CGPA: 6.2

Higher Secondary Education — K.P.M. Higher Secondary School, Poothotta, India

2018 – 2020

Score: 76.8%

THSLC — Govt. Technical High School, Mulanthuruthy, India

2015 – 2018

Score: 98%

CERTIFICATIONS & COURSES

- Web Development — Internshala Trainings (Self-paced), Feb 2025 – Apr 2025
